

# DISSOLVABLE TOBACCO PRODUCTS *(no spitting, dissolves in mouth)*

The nicotine delivery of these products is said to be high. A cigarette smoker typically takes in about 1 milligram of nicotine - the Camel Dissolvables are said to deliver about 0.6 to 3.1 mg of nicotine each.

**Are you  
AWARE of  
who and  
what's out  
there  
targeting  
your kids?**

**Sticks** a twisted stick, size of toothpick, dissolves in 10 minutes

**Orbs** similar to Tic Tacs
